AQUIONICS HYDROJET

FOR COUNTERSTREAM SWIMMING

Improve your lifestyle with Aquionics HydroJet.

Gentle, soothing (with no stress on joints or bones) swimming has historically been a favored method for staying in shape. Now you can create an aquatic workout centre in your own home and enjoy all the benefits of this exceptional water therapy.

With Aquionics HydroJet system, you can burn calories, shape up, strengthen muscles and soothe body aches by swimming against a gentle or increasingly insistent current.
